## **RESOLUTIONS**

### **1. Minutes of the previous General Meeting**

The Chairman explains that the Minutes of the General Meeting held on 30 November 2023 were drafted according to the law and the authorization granted by the holders and approved by the Chairman and Secretary. The Secretary informs that the minutes were uploaded into the webpages [www.hccanarias.com](http://www.hccanarias.com) and [holidayclubcanarias.com/members/](http://holidayclubcanarias.com/members/).

The Chairman indicates that the minutes are valid with the signature of the Chairman and Secretary, but he asks the attendees for comments or remarks on the minutes of the previous meeting. No comments or remarks to the minutes are made. The minutes are thus acknowledged by all attendees and no additional comments are made.

### **2. Report from the Administrator, Holiday Club Canarias Resort Management S.L.U. on the year 2024**

Mr. Miguel Muñoz, in his opening remarks, highlighted HCC's commitment to service quality and member satisfaction, emphasizing the importance of continuous infrastructure investment and sustainability initiatives across all resorts.

A summary of the main events during 2024 is given. Following aspects are presented:

#### Overview and key achievements during 2024

The Chairman presents different actions carried out during 2024 across the five resorts.

- *Infrastructure and Improvements*: Mr. Muñoz explained the maintenance work carried out across the five resorts, highlighting:
  - Structural reinforcement was completed at Club Jardín Amadores
  - Gardening and common area upgrades were carried out at Playa Amadores.
- *Quality and Compliance*: health and safety compliance improvements were implemented across all resorts.

- *Technical Inspection Reports ("Inspección Técnica Turística")* of the five resorts were carried out and completed.

Mr. Muñoz explains that the technical reports carried out in Club Jardín Amadores showed that several pillars of the building were internally corroded (due to water capillarity). This required an intervention to reinforce said pillars.

#### Sustainability and Energy Saving Initiatives

Mr. Muñoz reports on the sustainability initiatives carried out in 2024, including:

- Assessment for solar panel installations for all resorts.
- Water and energy-saving measures implemented in rooms (e.g., faucet reducers and informational reminders).

#### Internal Exchange Programme

Mr. Muñoz makes a short description of the benefits of the internal exchange program for members preferring an alternative to RCI:

- Exchange of weeks and apartments based on availability and specific check-in days (Monday, Wednesday, Saturday).
- One-time exchange fee of €100 per week.
- Extended availability for exchanges during designated weeks in 2024-2025.

Mr. Muñoz explains that the internal exchange program can only offer access to weeks subject to availability. The availability through RCI may differ. Members can also use the exchange services through RCI but that is an alternate route.

#### Security and Facility Access

The Chairman explains the challenges related to access control in public areas, with measures planned to improve supervision without permanently closing off facilities.

Surveillance will be enhanced. Certain measures are being analysed:

- Improve security areas with gates and electronic locks where possible.
- Consideration of wristbands during peak seasons to differentiate holders from other visitors and simplify access control.

Other issues are also addressed in the presentation, but they relate to specific items of the agenda, so reference will be made in the relevant item.

### **3. Status of the reparation and renovation fund 2023 and the use of the fund**

Mr. Oscar Goded explains the situation of the replacement fund. In accordance with the authorisation granted in last year meeting, the Services Company has used some of the available proceeds throughout 2024 to carry out investments.

The information uploaded in the webpage includes a report detailing the concepts for which the renovation fund has been used in 2023 and in 2024 (until August 2024), and the related amounts.

This report with the status of the uses of the reparation and renovation fund in 2023 and in 2024 (until August), including a breakdown of major expenses per resort, is shown. The main actions in Club Jardín Amadores are the following:

- Reparation of the boilers (entrusted to DISA).
- Other improvements: WIFI optical fibre, electrical appliances.
- Arcadis audit
- TV repairs
- Reparation of the air conditioning devices.

Mr. Oscar Goded explains the measures that are already completed, the measures that are ongoing as well as the plans for 2025 to prioritize infrastructure repairs and replacement of furniture and fittings as needed.

A member raises a question on the calculation of the renovation fund. Explanation is given to the satisfaction of the member.

The Chairman requests that the authorisation in favour of the Administrator to use the funds, if necessary, for renovation works granted last year, is renewed for 2025 and future years, acknowledging that a full report will always be provided to the Holders Association.

A voting takes place, and all holders vote in favour. No holder raises any objection or wants to abstain. Therefore, the following resolutions are unanimously passed:

- ⇒ The report on the status of the reparation and renovation fund is acknowledged and approved.
- ⇒ The Administrator is authorised to use the funds available in the reparation and renovation fund during 2025 and future years to devote the funds to any reparation or renovation purposes.

#### **4. Report of the Services Company, Holiday Club Canarias Resort Management S.L.U., on the Statement of Income and Expenditure 2023**

The Chairman explains to the holders that a Statement of Income and Expenditure for the whole year 2023 has been prepared and it has been uploaded in the webpage. Mr. Miguel Muñoz states that the Statement shows the total amount of actual expenses incurred in that period.

A voting takes place, and all holders vote in favour of acknowledging the Statement of Income and Expenditure of 2023. No holder raises any objection or wants to abstain. Therefore, the following resolution is unanimously passed:

- ⇒ The Statement of Income and Expenditure of 2023 is acknowledged and approved.
- ⇒ The management and the services carried out by the Services Company are also approved.

#### **5. Report of the external auditor of the Statement of Expenditure 2023**

The Chairman introduces this point of the agenda and explained the audit analysis carried out by the external auditor. The audit analysis is referred to year 2023. The report is in Spanish and English. A full copy is available in the web page [holidayclubcanarias.com/members/](http://holidayclubcanarias.com/members/)

It is explained that the expenses are booked in the accounts of the services company and the auditor has verified that:

- a) The auditor has seen the real Statement of Income and Expenditure of the year 2023.
- b) Expenses are duly recorded in the accounts and correspond to actual invoices.
- c) There is an analytical accounting in Holiday Club Canarias Resort Management S.L.U. to allocate the expenses to the different resorts.
- d) The real Statement of Income and Expenditure of the club is in line with the accounting of Holiday Club Canarias Resort Management S.L.U.
- e) The amount of expenses allocated to the Club is reasonable, i.e., respond to a rational parameter of allocation.

The costs of the auditor have been considered as part of the costs of the Holders Association.

The audit report is thus acknowledged by all attendees and no additional comments are made.

#### **6. Report on the recovery (repossession and relinquishing) of weeks of holders in default. Prorogation of the 2011 resolution**

A report was prepared on the recovery of weeks of holders in default in the payment of maintenance fees. Since the last meeting 24 weeks have been recovered.

The Chairman requests that previous resolutions acknowledging recovery of weeks by Holiday Club Canarias Sales & Marketing S.L.U. against the payment of current year maintenance fees are renewed for future years, as readiness by Holiday Club Canarias Sales & Marketing S.L.U. to continue recovering is strictly subject to this condition.

The Secretary explains briefly the terms of the 2011 resolution.

The Chairman requests that the 2011 resolution is extended for subsequent years in the event of the recovery of weeks.

A voting takes place, and all holders vote in favour. No holder raises any objection or wants to abstain. Therefore, the following resolution is unanimously passed:

- ⇒ Holiday Club Canarias Sales & Marketing S.L.U. is authorized to continue in the future the recovery of weeks of clients in default in the payment of their maintenance fees and in those cases, it will pay to Holiday Club Canarias Resorts Management S.L.U. the outstanding maintenance fee for the year when the recovery takes place.

For the avoidance of doubt, Holiday Club Canarias Sales & Marketing S.L.U. has the right to do that but is under no obligation to carry out said recovery.

## **7. Presentation of the budget submitted by the Services Company for rendering services to the resort and the holders in 2025 and its approval, as the case may be.**

Mr. Miguel Muñoz presents the budget submitted by the services company Holiday Club Canarias Resort Management S.L.U. to the Holders Association to provide services to the Holders in 2025. The budget includes a grand total of **849,650.47 Euros**, including an amount of 75,000 Euros as bad debt provision. This budget proposal includes the total amount to be paid by all holders of weeks to Holiday Club Canarias Resort Management S.L.U. as consideration for the services the company will provide during the year 2025 pursuant to the standards based on which have been prepared for the corresponding budgets.

Mr. Miguel Muñoz explains the key figures of the budget to the Holders and answers to the questions that are posed on certain captions. It is explained that the renovation fund is calculated based on an 8-12% reserve of maintenance fees, depending on each resort's needs.

Mr. Miguel Muñoz explains that the maintenance fee of 2024 did not increase against the maintenance fee of 2023. For 2025 an increase is however necessary to cover the running costs. The increase of the maintenance fee in 2025 versus the maintenance fee of 2024 is 6.86%.

If the budget is approved, the services company Holiday Club Canarias Resort Management S.L.U. will issue the corresponding maintenance fee to each of the holders of the week including the corresponding IGIC (i.e., VAT).

No holder raises any objection to the specific terms budget or wants to abstain. All holders show their conformity with the budget so that the budget is unanimously approved and the maintenance fees to be paid by each holder are approved.

Therefore, the following resolution is unanimously passed:

- ⇒ The budget submitted by the Services Company and Administrator for 2025 is approved.
- ⇒ Following additional measures are agreed:
- The Services Company will charge the total of the maintenance fees to the holders, splitting the total of the budget among the holders.
  - Payment of the maintenance fees shall be made before 31<sup>st</sup> January 2025.
  - Non-payment of the maintenance fees on time will trigger a penalty as per the by-laws of the Holders Association.

## **8. Appointment and/or renewal as appropriate, of the Chairman of the Association**

Mr. Miguel Muñoz is unanimously re-elected as Chairman of the Holders Association in the terms foreseen in the by-laws and in the Spanish Act on Condominiums ("*Ley de Propiedad Horizontal*").

Mr. Miguel Muñoz thanks all attendees for their support and confidence.

## **9. Appointment and/or renewal as appropriate, of the Vice-chairman of the Association**

The Chairman proposes to appoint Ms. Claudia Esplá as new Vice-Chairman of the Holders Association. All attendees are in agreement.

Ms. Claudia Esplá is unanimously appointed as Vice-Chairman of the Holders Association in the terms foreseen in the by-laws and in the Spanish Act on Condominiums ("*Ley de Propiedad Horizontal*").

Ms. Claudia Esplá thanks all attendees for their support and confidence.

#### **10. Appointment and/or renewal as appropriate, of the Secretary of the Association**

Mr. José Puente is unanimously re-elected as Secretary of the Holders Association in the terms foreseen in the Spanish Act on Condominiums ("*Ley de Propiedad Horizontal*").

Mr. José Puente thanks all attendees for their support and confidence.

#### **11. Appointment and/or renewal as appropriate, of the Administrator and Services Company**

It is explained that Holiday Club Canarias Resort Management S.L.U. was appointed in 2011 as administrator and manager of the Association to manage the resort and the Association.

Holiday Club Canarias Resort Management S.L.U. is unanimously re-elected as **Administrator** of the Holders Association in the terms foreseen in the Spanish Act on Condominiums ("*Ley de Propiedad Horizontal*"), and as **Services Company** of the resort in the terms foreseen in the Spanish Act on Timeshare ("*Ley 4/2012 de Aprovechamiento por Turnos*").

As part of this item of the Agenda, the Secretary explains to the attendants that in the general meeting of 2020 it was agreed to renew the existing contract between the Association and the Services Company -on the same terms- and powers of attorney were granted to the then Chairman of the Association for signing the contract. It is convenient to grant new powers to Mr. Miguel Muñoz as Chairman of the Association.

As it was already agreed in 2020, the contract is to be extended the duration for another term equal to the one that the contract had. All attendants express their agreement to the motion and therefore following decision is unanimously passed:

- ⇒ It is agreed to renew the management and administration services agreement with the Services Company under which it renders services to the Association and performs as the Administrator of the Club.
- ⇒ Renewal shall be in the same terms as per the existing contract and for a new term equal to the one that is about to lapse. The starting date will be in 2025.
- ⇒ Full powers are granted to the Chairman to enter and execute the new management and administration services agreement in the terms and conditions that he deems fit, appointing HCCRM as manager and administrator, and any other executory, additional, informative, complementary, or rectifying documents, both private and public. For such purposes, powers are granted to (i) appear before the relevant Spanish Administrative Authorities and make declarations and sign all necessary documents and to do whatever is necessary or appropriate in connection with the powers granted; (ii) arrange and sign all types of whatever public and private documents are required to exercise the powers conferred, to ratify, extend or renew said document, to rescind or cancel them; (iii) delegate all or any of the powers contained in this document in favour of any other attorney, and to withdraw any such delegation as he shall deem appropriate, to which effect the attorney may execute any private or public documents required.
- ⇒ Powers of attorney are granted to the Chairman, Vice-chairman, and the Administrator so that any of them on behalf of the Holders Association may submit the new management and administration agreement to the Land Property Registry and effect the necessary declarations as regards the identity of the services company.

#### **12. Questions and answers**

The Chairman indicates that several questions and motions raised by holders have been sent in writing (by email) to the Administrator before this meeting. The answers will be included in the minutes.

Several owners express their thanks to the Chairman for the Power Point presentation which has been very helpful for understanding the actions and measures carried out by the management company.

Other owners state that they have realised an improvement in the status of maintenance of the resort and they would also like to thank for the work carried out in 2024.

One of the questions received in written from OPCA Denmark is regarding the Internal Exchange, asking how it works and costs. Some time is devoted to address this question. Mr. Muñoz confirms that internal exchanges between resorts are subject to available weeks and a €100 exchange fee per week. This fee has been in place for several years (most likely since 2011).

The Chairman opens the floor to the questions that the attendees may have. Several questions were raised included inquiries on the internal exchange program, maintenance fund calculations, and security protocols. Responses were provided by the Chairman and team, who clarified the policies and future plans for service enhancements. The key questions and the answers are included below.

- **Renovation Fund:** Clarification requests on the calculation of the renovation fund and cost distribution across resorts.
- **Security and Deposits:** Inquiry about deposits for damages, clarifying that these are only required in cases of administrative error or certain exchanges.

One of the members asks whether it is foreseen to carry out a full refurbishment of Club Jardín Amadores. The Chairman explains that he does not think that it is necessary to close the resort to implement a deep maintenance exercise. He reckons that it is possible to carry out a preventive maintenance programme to maintain the standards, and implement improvements in specific areas, such as the bathrooms. The terrace flooring will be fully reconditioned, or replaced when necessary, and there will be no privacy fences between the terraces. The existing furniture that was bought at the time is of sturdy quality and will be upholstered if in good condition to avoid unnecessary costs for today's furniture that is not of the same standards. The members acknowledge this answer and agree that a preventive maintenance programme makes full sense.

**Condition report at the resort.** Has there been a condition report on the 5 resorts?

*There are reports on each resort from the technical condition assessment that was conducted last year. Priority works are being addressed and executed at all resorts, such as the reinforcement of the columns at Jardín Amadores and the changing of the planters at Playa Amadores, amongst others.*

**Energy.** Has there been a solution to energy?

*Apart from the measurements already implemented, such as water tap reducers, the purchase of energy efficient appliances, notification cards in the rooms and other social awareness info, professional assessment and price quotations for the installation of solar panels at all resorts is ongoing and planned for 2025.*

**Internal exchange.** What internal exchange do we have today and how does it work, what are the possibilities?

*Internal exchanges are specific to check-in days, i.e., Monday, Wednesday, or Saturday in weeks and apartments that have been deposited internally by other holders. The cost of a one-time change for one week is 100€. However, due to the limited depositing of weeks by the holders, HCC has made available extra time periods from their own inventory for internal exchanges. The available dates are published on the website.*

**Ownership.** When both owners and Booking com guests have rights to enter all resorts, regardless of where they have booked an apartment, how will you prevent strangers from entering?

*Non-holder guests cannot use the facilities at other resorts, such as the gym or swimming pool. During high season, holders are not encouraged to use these facilities at other resorts due to the lack of space. However, we do not prohibit the access to the receptions or the restaurants. More strict measures will be taken during local holidays and the implementation of wrist bands during these periods is being looked at.*

**Security.** Will all 5 resorts have a locked entrance to the area?

*There are no problems with security at the resorts and the main entrances will not be locked off as the receptions and restaurants are accessible to the public. However, the use of the installations will be monitored.*

**Booking.** If you arrive on Saturday afternoon and there are problems / errors with the booking and the office has gone for the weekend and you are refused your booking at the reception and are asked to find another hotel for Monday, how will this be dealt with?

*The receptions are open 24/7 and will be able to solve any incidents. However, holders are encouraged to confirm their stays.*

**Hijack new owners.** Is it intended to use the owners' family or friends for a sales push?

*A bring-a-friend offer has been launched whereby a holder can bring along non-holder family or friends at a reduced rental price in Puerto Calma, Sol Amadores, Vista Amadores and Jardín Amadores. Specific conditions apply and the attendance to a sales presentation is required*

**The accounting year.** Will a quarterly account be drawn up until 30 September, which we will be sent before the AGM?

*A "statement of expenditure from the 1<sup>st</sup> of January 2024 until the 31<sup>st</sup> of August 2024 is available at the website, together with the rest of documentation.*

**Invoices.**

- a) The invoices for Scandinavia are not translated correctly. Contract numbers are requested, but they are not found on the invoice, are they reference numbers? Payment to the Finnish bank works fine, why do we have two different banks with different information details? The Finnish bank: IBAN / BIC code/ payment reference Spanish bank: IBAN/BIC/Invoice no./contract no. (reference no.)  
*The invoices are automatically translated based on the country of origin. The payment references that are requested for credit card payments, are the invoice number or customer number which are correctly translated. Alternatively, transfers can be made to respective banks stated on the invoice. For those, the mentioned payment reference can be used, or alternatively, the invoice number or customer number.*
- b) When the owner's meeting is to be held in week 45, the invoices will then be sent out in mid-December, with payment in mid-February, this will mean that many will only have to use the invoice around 1 February, and if an email has gone to Spam, it will be someone, automatically deleted after 4 weeks, which means that the owner cannot find the email with the invoice, and thus cannot pay for the maintenance.  
*Maintenance invoices must be paid before the 31<sup>st</sup> of January 2025. All holders are aware that they will receive an invoice for maintenance. HCC cannot control what ends up in a spam-folder, so if not received by the end of December, it's the responsibility of the holder to request a copy from the customer service department.*
- c) Is it possible for the owner to retrieve the invoice from the system himself?  
*No this is not possible.*
- d) Should all the invoices be re-sent at the end of January?  
*That will create confusion if holders receive the invoice twice and does not solve the problem of e-mails ending up in the Spam folder.*
- e) If you do not have an invoice, but know the maintenance price and your reference no. Is it then possible to pay the maintenance?  
*Yes, it is possible, but not recommended to avoid mistakes. Instructions to pay the maintenance fee are available at the members' section of the website.*

**Contact.** The office can be contacted by phone, but not everyone can speak English or Scandinavian, and many Nordic members are elderly people with limited skills of the English language. We experienced in January 2024 that neither phone nor email was answered, this frustrated many owners, what do you do then?

*Everyone at the office speaks English. The office staff consists of multilingual staff that speaks English, Swedish, Spanish, Dutch and German. If not available by phone, it is recommended to send an email to [customerservices@hccanarias.com](mailto:customerservices@hccanarias.com) and any e-mail that requires to be addressed in Scandinavian, are forwarded to our Swedish-speaking staff.*

**Buyback programme.** Members asking for some kind of buy-back program where Holiday Club buys back weeks or mediates the sale of weeks on behalf of members. What are the possibilities for reintroducing the buyback program that was removed many years ago.

*There is no buyback programme as such. In the event a holder wishes to dispose of his week/s, Customer Service can be contacted, and the options will be evaluated on a case-by-case basis.*

**Renovation works.** Members request a calculation model for of one-off costs that burden the individual owner in connection with major renovation. For example, an owner can be charged with a large cost for renovation one year, if the owner then must get rid of the apartments week next year due to illness or other not foreseen events. In this case, it is very likely that the owner will have to return the share weeks without compensation to Holiday Club. If this is the case, he will lose both the deposited amount and the money he has paid for recently carried out renovation. The question is it possible to introduce some type of annual settlement so that a certain part of the renovation cost can be reimbursed depending on how much time has passed since the renovation was carried out.

*This is unfortunately not possible. There has not been any deep-maintenance since 2012 and currently there is none planned. If a deep-maintenance is approved at the Annual General Meeting, the costs will be shared by all holders.*

**Holiday Club caps.** Members have brought forward the re-introduction of Holiday Club caps to be for sale at the receptions and to also avoid being targeted by eager sellers.  
*The return of the HC caps will be investigated to be sold at the reception.*

**Renovation.** What needs to be renovated and what needs to be replaced, what types and quality of furniture will be replaced if furniture needs to be replaced?  
*Furniture and equipment are replaced when needed, assuring high-quality standards. Furniture in good condition, will be upholstered. There are currently no plans for a mayor renovation.*

**Furniture.** What about the missing furniture in the apartment, will they be replaced with new ones and what about the new cheap furniture that has already been installed, i.e. cheap black plastic tables on the terraces, is it only temporary?  
*We have no record of anything missing in the apartments, and the furniture on the terrace is only available in a few apartments and will be gradually changed assuring high-quality standards.*

**Sofa bed.** Our proposal is regarding the possibility of replacing (during the planned maintenance) the current sofa with a sofa bed. This would allow all the apartments, generously large, to well accommodate at least one more person, with greater comfort for the overnight stay (today not very comfortable with the small puff). This is evidently in the interest of the owners.  
*Should the current sofas be changed, they will be changed for a sofa-bed.*

### **13. Granting of powers to implement and to remedy the resolutions passed, as the case may be**

The Secretary explains that it is convenient to foresee the possibility that the above resolutions may need to be remedied, provided it is always in the necessary terms as to implement the resolutions passed not to change them. Therefore, the following resolution is unanimously passed:

- ⇒ The Holders Association grants powers of attorney to the Chairman Mr. Miguel Muñoz, to the Vice-Chairman Ms. Claudia Esplá and to the Secretary Mr. José Puente, so that any other, acting on their own and on behalf of the Holders Association may take on behalf of the Holders Association any necessary step as to remedy and cure any of the resolutions passed in this meeting, provided no change such remedy or cure does not alter the sense of the resolution.
- ⇒ For the above purposes, powers are granted to (i) appear before the relevant Spanish Administrative Authorities and make declarations and sign all necessary documents and to do whatever is necessary or appropriate in connection with the powers granted; (ii) arrange and sign all types of whatever public and private documents are required to exercise the powers conferred, to ratify, amend, extend or renew said documents, to rescind or cancel them; (iii) delegate all or any of the powers contained in this document in favour of any other attorney, and to withdraw any such delegation as he shall deem appropriate, to which effect the attorney may execute any private or public documents required.

A picture of the attendees is taken to be uploaded in the webpage. Attendees are previously informed of the purpose of the picture and that if they do not wish their image to be uploaded, they should step aside and not join the group.

The Chairman closes the meeting reiterating Holiday Club Canarias' commitment to high-quality service and maintenance, thanking members for their participation and trust in the projects presented.

The meeting is closed on Friday, 8<sup>th</sup> November 2024 at 13:45 hrs.

**THE CHAIRMAN OF THE MEETING**  
Mr. Miguel Muñoz
